Promoting Mental health and Emotional Wellbeing

At Meanwood CE Primary School we aim to:

- Help children to understand their emotions and feelings better.
- Help children feel comfortable sharing any concerns or worries.
- Help children socially to form and maintain relationships.
- Promote self-esteem and ensure children know that they count.
- Encourage children to be confident and 'dare to be different'.
- Help children to develop emotional resilience and to manage setbacks.

We promote a mentally healthy environment through:

- Promoting our school values and encouraging a sense of belonging.
- Promoting pupil voice and opportunities to participate in decision-making.
- Celebrating academic and non-academic achievements.
- Providing opportunities to develop a sense of worth through taking responsibility for themselves and others.
- Providing opportunities to reflect.
- Access to appropriate support that meets their need.

We pursue our aims through:

- Universal, whole school approaches
- Support for pupils going through recent difficulties including bereavement.
- Specialised, targeted approaches aimed at pupils with more complex or long-term difficulties including attachment disorder

Scope

This policy should be read in conjunction with our Medical policy and our SEND policy in cases where pupils mental health needs overlap with these. This policy should also be read in conjunction with policies for Behaviour and Anti-bullying, and PSHE policies. It should also sit alongside child protection procedures.

School staff may also become aware of warning signs which indicate a student is experiencing mental health or emotional wellbeing issues. These warning signs should always be taken seriously and staff observing any of these warning signs should communicate their concerns with the designated child protection and safeguarding officer or the emotional wellbeing lead as appropriate.

Possible warning signs include:

Working with Parents

In order to support parents we will:

- Highlight sources of information and support about mental health and emotional wellbeing on our school website.
- Share and allow parents to access sources of further support e.g. through parent forums.
- Ensure that all parents are aware of who to talk to, and how to get about this, if they have concerns about their child.
- Make our emotional wellbeing and mental health policy easily accessible to parents.
- Share ideas about how parents can support positive mental health in their children.
- Keep parents informed about the mental health topics their children are learning about in PSHE and share ideas for extending and exploring this learning at home.
- Working with other agencies and partners.

As part of our targeted provision the school will work with other agencies to support children's emotional health and wellbeing including:

- The school nurse.
- Educational psychology services.
- Behaviour support through Oakfield pupil referral unit.
- Paediatricians.
- CAMHS (child and adolescent mental health service).
- Counselling services.
- Family support workers.
- Therapists.

- **Training**

As a minimum, all staff will receive regular training about recognising and responding to mental health issues as part of their regular child protection training in order to enable them to keep students safe.

Training opportunities for staff who require more in-depth knowledge will be considered as part of our performance management process and additional CPD will be supported throughout the year where it becomes appropriate due to developing situations with one or more pupils.
